Remote, Lagos

Backend Developer

Jan 2024 – Present

- Assisted in the development of APIs using ASP.NET 8 for optimal communication between front-end and back-end systems, enhancing the application's responsiveness and scalability.
- Implemented basic CRUD (Create, Read, Update, Delete) operations, effectively managing backend services and ensuring data integrity.

PROJECTS

Fox-River Penitentiary[[fox-river](#)]

- The Correctional Facility Management System is a comprehensive software solution designed to streamline the management of inmates within correctional facilities. The system provides a centralized platform for correctional staff to efficiently track inmate information, monitor activities, and ensure the safety and security of the facility. By automating manual processes and integrating key functionalities, the system enhances operational efficiency, improves inmate supervision, and facilitates effective communication among staff members.

ThriveBookstore [[thrivebookstore](#)]

- ThriveBookstore is an online platform designed to provide book enthusiasts with a convenient and immersive shopping experience. The platform offers a vast selection of books across various genres, allowing users to explore, purchase, and interact with their favorite titles from the comfort of their homes. With a user-friendly interface, secure payment options, and personalized recommendations, ThriveBookstore aims to foster a thriving community of readers and authors alike.

Portfolio Website [[Portfolio-website](#)]

- Developed a portfolio website using VueJs

LEADERSHIP EXPERIENCE & VOLUNTEER ACTIVITIES

Campus Lead (Federal University of Technology Akure) January 2023 – Present **Microsoft ADC Students League** [[MASL Program](#)]

- Tasked with leading and managing 30 students on their journey toward becoming world-class Software Engineers (SWEs) and Product Managers (PMs).
- Work with SWE and PM mentors from Microsoft to ensure that the learning activities and outcomes of members align with the plans on the cycle calendar.
- Prepare quarterly reports on the league activities.
- Work with Program Managers from Microsoft to better understand how to execute the activities of the league.
- Collaborate with other Leads to organize joint events and brainstorm to ensure that all league chapters are in sync as regards the goals of the program.
